

## STUDIA III STOPNIA W DYSCYPLINIE NAUKI O POLITYCE W JĘZYKU ANGIELSKIM

(PH.D. Program in Political Science)

| Nazwa kierunku: <b>PH.D. Program in Political Science</b>   |   |   |  |
|---|---|---|--|
| Stopień studiów: trzeciego stopnia  |   |   |  |
| Obszar/obszary kształcenia z określeniem procentowego udziału efektów w każdym z obszarów: <b>NAUKI SPOŁECZNE</b> |   |   |  |
| Poziom Polskiej Ramy Kwalifikacji: 8  |   |   |  |
| Symbole efektów kierunkowych  | KIERUNKOWE EFEKTY KSZTAŁCENIA <sup>1</sup>  | Odniesienie do                                      |  |
|   |   | uniwersalnych charakterystyk pierwszego stopnia PRK | charakterystyk drugiego stopnia PRK - ogólnych |
| 1   | 2   | 3   | 4  |
|   | WIEDZA: ABSOLWENT ZNA I ROZUMIE   | Kod składnika opisu                                 | Kod składnik opisu                             |
| K_W01   | identity of the discipline of political science including ontological aspects as well as origins, evolution, and trends in discipline development as well as the discipline place within the field of social sciences | P8U_W   | P8S_WG   |
| K_W02   | world achievements of political science to the degree allowing critical analysis and revision of existing claims in the process of developing and solving research problems   | P8U_W   | P8S_WG   |
| K_W03   | theoretical basis of political science including approaches, paradigms and theories used in political research  | P8U_W   | P8S_WG   |
| K_W04   | main levels and areas of research in political science  | P8U_W   | P8S_WG   |
| K_W05   | general problems and selected specific problems typical for political science, allowing advanced specialization in selected fields within political science   | P8U_W   | P8S_WG   |
| K_W06   | methodology of scientific research characteristic for political science; including methods and quantitative and qualitative techniques allowing designing and conducting political                                    | P8U_W   | P8S_WG   |

|        |   |                            |                           |
|--------|---|----------------------------|---------------------------|
|        | research  |                            |                           |
| K_W07  | interdisciplinary approach allowing integration of political science with other fields of knowledge   | P8U_W                      | P8S_WG                    |
| K_W08  | main development trends within political science to the degree allowing developing and conducting teaching in programs within the discipline of political science   | P8U_W                      | P8S_WG                    |
| K_W09  | multi dimensional and multi level character of social reality and change trends within it   | P8U_W                      | P8S_WG                    |
| K_W010 | fundamental dilemmas of modern civilization influencing academic environment and research work  | P8U_W                      | P8S_WG                    |
| K_W11  | methods of evaluation of academic publications, work and research projects as well as organization and financing of scientific research   | P8U_W                      | P8S_WG                    |
| K_W12  | essence of teaching process on university level   | P8U_W                      | P8S_WK                    |
| K_W13  | legal, economic and social determinants of academic research and researcher's work  | P8U_W                      | P8S_WK                    |
| K_W14  | system of ethical norms in research and teaching work on university level   | P8U_W                      | P8S_WK                    |
|        | <b>UMIEJĘTNOŚCI: ABSOLWENT POTRAFI</b>  | <b>Kod składnika opisu</b> | <b>Kod składnik opisu</b> |
| K_U01  | use knowledge from the field of political science and related fields to identify, develop and innovatively solve complex research problems or other research tasks, in particular define goals and subject of research as well as research hypothesis | P8U_U                      | P8S_UW                    |
| K_U02  | develop research methods, techniques and tools and creatively use them to solve research goals  | P8U_U                      | P8S_UW                    |
| K_U03  | verify results of research and form conclusions on the basis of the results   | P8U_U                      | P8S_UW                    |
| K_U04  | organize research process, both individual and group one, through planning of research, acquiring funding, conducting research, formulation and interpretation of results, publication  | P8S_U                      | P8S_UO                    |
| K_U05  | apply results of political research to the needs of praxis, incl. transfer of research results to public sphere (public policy) as well as to social life and business  | P8U_U                      | P8U_UW                    |
| K_U06  | initiate and participate in scientific debate as well as participate in exchange of ideas and experiences in scientific community, both national and international  | P8U_U                      | P8S_UK                    |
| K_U07  | communicate using various and specialized communication techniques with specialists in political science as well as specialists in other fields and in public debate  | P8U_U                      | P8S_UK                    |
| K_U08  | undertake autonomous activities to ensure continuous intellectual development and managing own academic development, including individual planning, organization of studying and  | P8U_U                      | P8S_UU                    |

|       |   |                            |                           |
|-------|---|----------------------------|---------------------------|
|       | widening individual knowledge and competencies  |                            |                           |
| K_U09 | inspire and organize academic development of other people, including mentoring of students and coworkers  | P8U_U                      | P8S_UU                    |
| K_U10 | developing teaching and training programs with the use of modern methods and tools  | P8U_U                      | P8S_UU                    |
| K_U11 | manage the work of the research team (incl. multidisciplinary and multicultural; plan and perform individual or group research projects in national or international environment                          | P8U_U                      | P8S_UO                    |
| K_U12 | popularize results of scientific research through publications, lectures, conference contributions as well as through popular forms to promote role of science in development of modern knowledge society | P8U_U                      | P8S_UK                    |
| K_U13 | have command of foreign language on the level allowing participation in international academic and professional community   | P8U_U                      | P8S_UK                    |
| K_U14 | prepare application for funding of the research projects within the specific research area  | P8U_U                      | P8S_UO                    |
| K_U15 | prepare, organize and teach courses on the university level with the use of teaching methods adjusted to the higher education level.  | P8U_U                      | P8S_UU                    |
|       | <b>KOMPETENCJE SPOŁECZNE: ABSOLWENT JEST GOTÓW DO</b>   | <b>Kod składnika opisu</b> | <b>Kod składnik opisu</b> |
| K_K01 | develop critical approach to research and teaching through int.al. critical evaluation of political science results and critical evaluation of one's own contribution to development of the discipline    | P8U_K                      | P8S_KK                    |
| K_K02 | recognize value and importance of knowledge in solving cognitive and practical problems   | P8U_K                      | P8S_KK                    |
| K_K03 | professional and ethical behavior in academic community, respecting ethical norms of research work, recognizing ethical dimension in all professional and public activities                               | P8U_K                      | P8S_KO                    |
| K_K04 | undertake activities for development of political science field and its community   | P8U_K                      | P8S_KO                    |
| K_K05 | fulfill researchers social responsibility through initiating activities for public interest and common good   | P8U_K                      | P8S_KO                    |
| K_K06 | take responsibility for shaping up patterns of proper behavior and upholding and for developing ethos of academic and creative communities  | P8U_K                      | P8S_KR                    |
| K_K07 | conduct research independently and according to the standard of freedom of scientific research  | P8U_K                      | P8S_KR                    |
| K_K08 | respect public ownership of scientific research results acknowledging intellectual property rights  | P8U_K                      | P8S_KR                    |
| K_K09 | conduct teaching and recognize social importance of teaching  | P8U_K                      | P8S_KR                    |
| K_K10 | respect ethical standards in teacher-students relations   | P8U_K                      | P8S_KR                    |

---

<sup>i</sup> Opis zakładanych efektów kształcenia dla kierunku uwzględnia:

- 1) wszystkie uniwersalne charakterystyki pierwszego stopnia określone w ustawie z dnia 22 grudnia 2015 r. o *Zintegrowanym Systemie Kwalifikacji* (ZSK) (Dz. U. z 2016 r. poz. 64 i 1010) właściwe dla danego poziomu Polskiej Ramy Kwalifikacji;
- 2) wszystkie charakterystyki drugiego stopnia (ogólne) określone w rozporządzeniu Ministra Nauki i Szkolnictwa Wyższego z dnia 26 września 2016 r. w *sprawie charakterystyk drugiego stopnia Polskiej Ramy Kwalifikacji typowych dla kwalifikacji uzyskiwanych w ramach szkolnictwa wyższego po uzyskaniu kwalifikacji na poziomie 4 – poziom 6-8 (cz. I)*;
