Educational Achievements and Science Popularisation as well as International Co-operation

A) Participation in European Projects and other National and International Programmes:

• **Research program "Self-government institutions in a democratic state of law"** implemented by the Faculty of Law and Administration of the UMCS in Lublin. Duration is from February 1, 2016 to February 28, 2019. The aim of the program is to popularize research on self-government institutions in a democratic state of law from the perspective of their constitutionalization. Draw attention to the issue of self-government, decentralization and regionalization, local democracy, participation and the principle of subsidiarity. Analysis in particular of the constitutional status of self-governments in Poland, regionalization of the state strengthened by the system and normative independence of the voivodships and the increase of the role of local law, territorial self-government relations - common courts, local self-government as a form of citizen representation and political pluralism in various territorial levels of public authority. Developing the concept of reform of the second chamber of the parliament, in the direction of transforming the Senate into a self-government chamber, in the position of local governments in Poland, with the position of self-governments of other European countries.

The research program partners are:

- A) Institute of Law, Administration and Management Academia im. Jan Dlugosz in Czestochowa;
- B) Scientific Association "Pro Scientia Iuridica";
- C) Scientific Circle of Parliamentary Law of the UMCS;
- D) Public Administration & Local Government Research Network (peer-reviewed, scientific journal, 4 points on list B).
