

STUDENT CONFERENCE

SUSTAINABLE CONSUMPTION AND CIRCULAR ECONOMY

We welcome applicants to The Baltic University Programme's annual student conference and students' parliament 2019

When, where and who can apply?

- 25th - 28th of April 2019
- Aegviidu, Tallinn region, Estonia
- Open for undergraduate and graduate students currently enrolled at a BUP member or participating university.

Programme

We offer a range of expert speakers, workshops, seminars, cultural events and networking possibilities. All packed in an intensive 4 day-conference in the Estonian countryside.

Knowledge to action

We aim to actively support students in taking their knowledge from our conference further, translating it into action. This year presents a unique possibility to take that action further than ever before, by making your voices heard at the 10th Annual Forum of the EU Strategy for the Baltic Sea Region. Bring your ideas and organize with us!

Apply now!

Deadline 3rd of March
