

Since 2000, we have been supporting our clients in business advisory, IT systems implementation and world-class solutions, working in the largest firms in the finance industry. Close to 500 qualified Sollers consultants and developers have run projects in Poland, as well as internationally - we work, among others, in Germany, Canada, Great Britain, Japan and Iceland.

Our career path is clear and each position is well defined. We are strongly dedicated to provide to our colleagues friendly work environment with integration as its core at both company and team level. The team is our core value, therefore we have embedded a team-oriented approach to success.

Join our Warsaw, Lublin, Poznan or Cologne office and be a part of our outstanding growth.

Currently, we are looking for candidates for the following position:

Business Analyst

Our Offices:
Warsaw
Poznań
Lublin
Cologne

You will have an opportunity to:

- > Work in a consulting or implementation team on IT projects for financial institutions
- > Conduct business analysis, defining functional requirements and testing of created solutions
- > Test yourself in various roles and tasks in an international environment
- > Support coordination of Agile projects
- > Direct cooperation with clients' teams

We stay in Sollers because we like:

- > the sense of stability – permanent employment contract from the first day of work
- > the open and casual company culture as well as exploring our passions together, also outside of work (sport, travel, concerts, board games, food and others)
- > the opportunity to quickly develop professionally on projects for customers in Europe and all over the world
- > clear career and salary paths
- > health care, life insurance, multisport card as well as trainings and certificates

We bet on you, so we expect you to:

- > Have an individual and creative approach to solving complex problems
- > Think analytically and have ability to use the synthesis to present the results of your work
- > Know English very well
- > Show interest in working with clients from the financial sector
- > Enjoy teamwork with experts with various academic background and skills
- > Be able to work full-time
- > Want to work abroad or in Warsaw more than 2/3 of working time,

We appreciate if additionally you:

- > Know additional languages, especially German, Finnish or Japanese
- > Have experience working in consulting, implementation or IT company
- > Show interest in new technologies and their practical use
- > Have experience in project work and want to continue developing in it
