Educational outcomes verification methods	Activity during classes, presentations
Description	<p>Speaking clearly and comfortably in public is a valuable and often essential skill to possess since professional presentations represent an important and common method of disseminating information. However, for many people, delivering effective presentations is extremely challenging and an anxiety-inducing event. This course will prepare students for a variety of academic and other situations in which formal presentations are required. Students will learn the principals of creating an effective scientific presentations as well as other types of presentations. This is a practice-oriented course.</p>
Reading list	<ul style="list-style-type: none"> Anderson, C. (2016). <i>TED talks: The official TED guide to public speaking</i>. New York: Houghton Mifflin Harcourt. Osborn, M. & Osborn, S. (2003). <i>Public speaking</i> (6th ed.). New York: Houghton Mifflin Company.
