

**Fact sheet**  
**of the International Contest of Student Scientific Works of Accounting,**  
**Taxation, Analysis And Audit being held in 2019/2020 academic year in Lviv**  
**Polytechnic National University**

The International Contest of Student Scientific Works of Accounting, Taxation, Analysis and Audit will be held in Lviv Polytechnic National University. The Contest is organized by Department of Accounting and Analysis of Lviv Polytechnic National University, mutually with specialized departments of Maria Curie-Sklodowska University of Lublin, "ARTIFEX" University of Bucharest, Gdansk University of Technology and Odessa National Polytechnic University. The main purpose of the Contest is to develop international scientific cooperation and to intensify students' scientific research in the field of accounting, taxation, analysis and audit as well as to increase the prestige of specialty 071 "Accounting and taxation".

Students of Ukrainian and foreign higher educational institutions are invited to participate in the Contest.

Scientific works should be particularly researchable and creative, as well as contain scientific novelty, have theoretical and practical implication to solve the topical problems of accounting, taxation, analysis and audit. The work, accepted to participate in Contest, has to be completed for the first time and never been published before. The student's work has to be completed under the guidance of scientific supervisor.

**No more than five scientific research works** will be elected to participate in the Contest by Commission. The authors submit them personally online via link [www.conf.lviv.ua](http://www.conf.lviv.ua) **not later than 15<sup>th</sup> April, 2020**. To take part in the Contest the participants need to register on the website. The participants take responsibility for the accuracy of the information provided.

The Contest (performance of competition works and presentation at the Contest) is being held in English.

The Contest is organized in two stages: remote and exposed.

The Organizing Committee carries out preliminary control of the submitted works for compliance with the requirements of the Contest and the absence of academic plagiarism.

The works admitted to participate in the Contest will be encrypted by the Organizing Committee and then sent to the Jury members via e-mail. Each work admitted to the Contest will be judged by two Jury members from different countries. The Organizing Committee ensures the avoidance of conflicts of interest while evaluating the Contest. **Not later than 30<sup>th</sup> April, 2020** the contestants who get the highest score will be invited to participate in the exposition stage of the Contest.

The exposition stage is held in the form of a conference directly in the University on **May 27-28, 2020**. At the conference the participants perform their scientific researches which are evaluated by Jury members of the Contest.

Upon the recommendation of the Contest Jury the best entries will be offered for issue in Ukrainian scientific publications in the form of an article.

**Basic requirements for the work configuration:**

The total amount of work is up to 1.0 printed worksheet (40 000 printed symbols) without the annexes and the list of references.

**The contest work should include:**

**Annotation** (indicating relevance, purpose, objectives, research methodology used, and overall work description) and keywords. Annotation in English must be at least 1800 characters long. The number of keywords is at least five.

**Introduction**, which should indicate the problem statement in general form, analysis of recent research and publications, formulation of research goals **etc.**

**Outline of the main research theme** with full justification of scientific results.

**Conclusions** from this study and outlook for the future.

**References.**

The contest works should be submitted according to the following requirements: typeface Times New Roman, line spacing – 1.5, size 14, worksheet size A4, fields: left – 30 mm, right – 10 mm, upper and lower both 20 mm.

The drawings and illustrations attached to the work must be arranged on sheets of A3 or A4.

The electronic version is sent in the format 1) **.doc or .docx** and 2) **.pdf**.

## **International Contest of Student Scientific Works of Accounting, Taxation, Analysis And Audit**
