

## Medical Biology – Plan of classes III year

5th semester, 2020/21

Time	Monday	Tuesday	Wednesday	Thursday	Friday	
8 – 9						
9 – 10	<b>Biological basics of herbal medicine – labs</b> Prof. S. Dresler (0153 B) (3 weeks)	<b>Human immunology with elements of virology – lecture</b> Dr M. Mizerska-Kowalska <b>MS Teams</b>		<b>Physical basis of instrumental diagnostics and physiotherapy – lecture + labs</b> Prof. K. Trębacz <b>MS Teams</b> from 8 October	<b>Biological basics of herbal medicine – labs</b> Dr A. Rysiak (150 B) from 9 October	
10 – 11						
11 – 12			<b>Biochemistry of nutrition – lecture</b> Dr J. Sulej <b>Virtual Campus</b>			<b>Human evolution – lecture</b> Prof. M. Kucharczyk from 8 October <b>MS Teams</b>
12 – 13				<b>Biological basics of herbal medicine – lecture</b> Prof. S. Dresler Dr A. Rysiak <b>MS Teams</b>		
13 – 14						<b>Human evolution – K</b> Prof. M. Polak from 8 October <b>Virtual Campus</b>
14 – 15						
15 – 16						
16 – 17	<b>Applied biology in medicine – labs</b> Dr A. Rysiak (265 B)		<b>Genetic engineering – a basic course – labs</b> Prof. A. Mazur Dr hab. M. Marczak every second week (221 Ba)	<b>Genetic engineering – a basic course – lecture</b> Prof. A. Mazur Dr hab. M. Marczak every second week from 7 October <b>MS Teams</b>		
17 – 18						
18 – 19						
19 – 20						

Faculty of Biology and Biotechnology (*Wydział Biologii i Biotechnologii*)
