- **Author:** ANNA MARIA PASSASEO
  - **Title:** Idee e modalità d'uso per percorsi interattivi di insegnamento/apprendimento a distanza
  - **Description:** The video tutorial presents the possibilities offered by distance learning platforms, such as Microsoft Teams, to practice socializing and cooperative training experiences like those carried out in school and to organize remote verification and evaluation methods. In particular, it illustrates the educational practice of Philosophy for children on Teams and an example of tics (Canva) supported by Teams, which make learning a motivating, participatory and rewarding process
