

MyClass is designed to simplify the process of sharing class materials with your students. It allows you to easily collate JoVE Playlists and Quizzes and seamlessly distribute them among your students via a Class.

With MyClass, you can centralize your course materials and track your students' engagement with the materials in the Class. We believe that MyClass will help you create a more efficient and effective teaching experience for both you and your students

❖ How to access & create a Class on the JoVE platform?

1) [Log in](#) to your JoVE account.

2) Click on the **Education** dropdown on the header and select **My Classes (BETA)** submenu to navigate to MyClass landing page

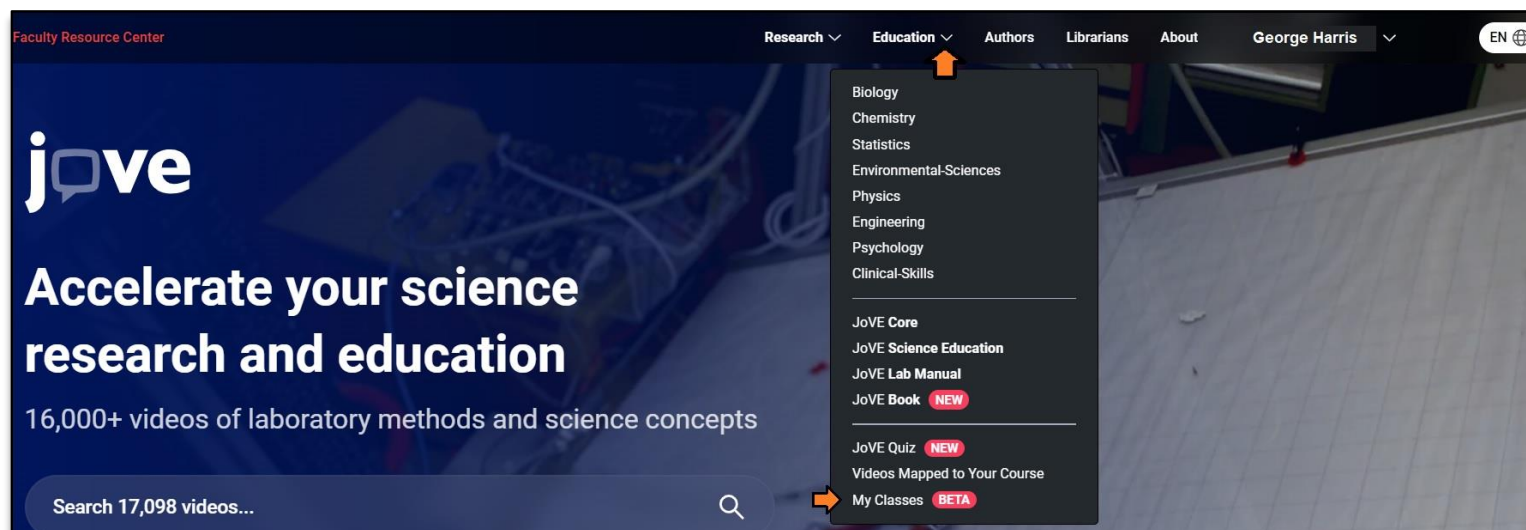

3) On the MyClass landing page click on the **Create new Class** button

4) This will open up an overlay to fill-in details for the new class.

5) After filling in the necessary details click on the **Create new Class** button on the overlay

5) The newly created class will start appearing under the **My Classes** section - Eg: **Test Class**

6) A JoVE Curriculum Specialist can also create and share a class with you, which you can see listed under **Draft Classes** - Eg: **Demo Class 2**

❖ How to add Quizzes to a Class on JoVE platform?

1) Inside the class, navigate to the **Quizzes** tab and click on the **Add Quiz** button

2) An overlay will appear listing the quizzes created by you on JoVE

3) You can select more than one quizzes from the list

4) After completing the selection, click on **Confirm Quizzes** button to add the selected quizzes to your Class.

The screenshot shows the JoVE platform interface for a class named 'Test Class'. The top navigation bar includes the JoVE logo, a search bar, and various menu items like 'Faculty Resource Center', 'Research', 'Education', 'Authors', 'Librarians', 'About', and 'George Harris'. On the left sidebar, there are sections for 'My Classes' (containing 'Test Class') and 'Draft Classes' (containing 'Demo Class 2'). The main content area is titled 'Class Details' and includes fields for 'Class Name: Test Class', 'Description: This is BIO101 class', and 'Faculty Name: George Harris'. There is an 'Invite Students' button and a note '(0 students in the class)'. Below this, the 'Contents added to this Class' section has tabs for 'Playlist' and 'Quizzes', with 'Quizzes' being the active tab. A message states 'You have not added any Quizzes to this class' and an 'Add Quiz' button is prominently displayed at the bottom of this section.

❖ How to Invite Students to a Class on JoVE platform?

- 1) The pre-requisite to invite students to a class is to have at least one playlist or quiz added to the class. **The Invite Students** button remains inactive in an empty class.
- 2) Once you have added a playlist or a quiz, the **Invite Students** button will be enabled.

- 3) Click on the **Invite Students** and an overlay will appear
- 4) You can find three different ways in which you can invite students to join your class

The screenshot displays the JoVE platform interface for a class named "Test Class". The top navigation bar includes a search bar, "Faculty Resource Center", and various menu items like "Research", "Education", "Authors", "Librarians", "About", and a user profile for "George Harris".

On the left sidebar, there are sections for "My Classes" (containing "Test Class") and "Draft Classes" (containing "Demo Class 2").

The main content area is titled "Class Details" and shows the following information:

- Class Name:** Test Class
- Description:** This is BIO101 class
- Faculty Name:** George Harris

An "Invite Students" button is visible, with a note below it stating "(0 students in the class)".

Below the class details, there is a section titled "Contents added to this Class" with a sub-header "Playlist, Quizzes added to this class, for your students". There are tabs for "Playlist" and "Quizzes".

A table lists the contents added to the class:

Name	No. Of Videos	Actions
Biotech for MyClass	2	Edit View Analytics
BIEN 130_Bioinstrumentation_Robert A Mckee_Feb 2022_Part 2	57	Edit View Analytics

An "Add Playlist" link is located at the top right of the content list.

❖ How can Students join a Class on JoVE platform?

- 1) Students need to Log-in to their JoVE account and click on **Join Class button** on the header. This button appears only for a student profile.
- 2) On the next screen student can enter the **class code** and click on **Proceed**.

- 3) On the subsequent screen student will be asked to confirm the class before joining
- 4) Once the student confirms by clicking on **Proceed**, he/she will be able to successfully land inside the class and watch the videos or take quizzes.

❖ How faculty can view analytics in a Class on JoVE platform?

- 1) The **View Analytics** button will become active once at least a Student has watched a video in that playlist.
- 2) Click on the **View Analytics** button to see which student has watched which video.

- 3) The report will show the date when the student watched the video for the first time.
- 4) You can download the complete report for better readability

The screenshot shows the JoVE platform interface for a faculty member named George Harris. The main content area displays 'Contents added to this Class' with two playlists: 'Biotech for MyClass' (2 videos) and 'BIEN 130_Bioinstrumentation_Robert A Mckee_Feb 2022_Part 2' (57 videos). The 'View Analytics' button is active for the 'Biotech for MyClass' playlist. A modal window is open, showing a table of student viewing data for 'My Class Student'.
