This year, the BIP with the theme "Road-based Tourism Routes: paths to territorial cohesion, sustainable tourism and heritage enhancement" will be carried out in **Portugal (Coimbra University)** from 17-21.06.2024 (the trip must be combined with a mandatory virtual component - Friday, 14.06 and Monday, 24.06). According to the requirements of the program, from our Faculty can go max. 5 people. Communicative knowledge of English is required. Each person qualified for the trip (student, doctoral student) is entitled to individual support for living expenses and travel costs in the amount of EUR 70 per day. It is possible to subsidize or cover the cost of the flight between Warsaw and Lisbon or Warsaw and Porto from the funds of our Faculty, but if you resign from the mobility, you need to pay back the travel expenses (cost of plane tickets).
