

## Budujemy drogę do **współpracy!**

### *Dear Sir!*

On behalf of the District Bar Council in Lublin, the Znam Prawo Foundation, and the City of Lublin, it is my great pleasure to invite you to participate in the international **Forum “Lawyers & NGOs: Building the Path to Cooperation”**, which will take place on **March 14, 2025**, in **Lublin**. This Forum presents an excellent opportunity to establish international connections, exchange experiences, and collaboratively develop new standards for cooperation between the legal sector and non-governmental organizations.

The event aims to create a platform for fostering **lasting relationships** that support both pro bono legal work and the activities of NGOs. It will bring together approximately **200 participants**, including lawyers, representatives of non-governmental organizations, business leaders, and policymakers. The Forum will feature inspiring lectures, expert panels, and workshops, enabling participants to deepen their knowledge of cross-sector cooperation and the role of law in driving social change.

We are convinced that the participation of Embassy representatives will **significantly contribute** to the international dimension of this event and further strengthen cross-sector collaboration in the field of law and pro bono initiatives. Your presence will **add prestige** to the Forum, and your engagement in discussions on legal challenges faced by NGOs, as well as the pro bono landscape in various countries, will be a valuable addition to our collective exchange of insights.

It would be an honor to welcome you to this Forum. Should you wish to confirm your participation or obtain further information, please do not hesitate to contact us at: [forum@fundacja.oirp.pl](mailto:forum@fundacja.oirp.pl).

Yours sincerely

*Chairwoman of the OIRP Committee for cooperation with non-governmental organizations*

*Sylvia Brzezińska*  
*radca prawny*
