## **Applications for the BIP–Accessibility In Action Porto Academic Week are now open!**

The primary objective of this project is to evaluate and promote the accessibility of the Academic Week “Queima das Fitas 2025”, in Porto, Portugal. By conducting a thorough audit, students are expected to identify any accessibility barriers that may prevent individuals from fully accessing the information and activities offered during this week. Our goal is to provide actionable recommendations to improve the event’s accessibility, ensuring inclusivity for all users. Methods: The project will be executed over the course of one week, divided into theoretical learning and practical application. The participants will be divided into five groups, each responsible for auditing different dimensions of accessibility. The audit will be conducted using established accessibility guidelines/practices and accessibility testing tools.

It awards **3 ECTS**.

### **Program Highlights**

**April 21** : Virtual Kickoff Workshop;

**April 28 – May 2** : Training Sessions on Accessibility;
